**Summary:** What happens if you water plants with juice? Where can you find bacteria in your house? Is slug slime as strong as a glue stick? How would your child find the answers to these questions?

*In The Curious Kid's Science Book*, your child will learn to design his or her own science investigations to determine the answers! Children will learn to ask their own scientific questions, discover value in failed experiments, and — most importantly — have a blast with science. The 100+ hands-on activities in the book use household items to playfully ...

**Summary:** Recipient of the 2023 Lee Bennett Hopkins Award honor award.

We all hold the seed of something wonderful inside us, just waiting for the right moment to bloom. In *A Poem Grows Inside You*, the seed of an idea waits for the rhythm of the rainfall to awaken it, then takes root and begins to grow. At once a celebration of the deep connection creatives have with their art and an acknowledgement of the courage it takes to let it into the sun, this beautifully illustrated picture book encourages readers to nurture their talents and boldly shar...

### Locs, Not Dreads

**Summary:** Selah can't wait to show off her newly loc'd hair at school, but when she bounces off the bus, her classmates react with whispers and a word Selah hasn't heard before: dreadlocks. The word dread makes her uneasy: is there something scary about her hair? Selah's family shares stories about standing up to hair discrimination and why they love their locs, helping Selah return to school with confidence, because there's absolutely nothing dreadful about her hair!

Written with several elements of the African American oral tradition -- LOCS, ...
